

# Thrive Baptist Network Church Partnership Agreement

Thrive Baptist Network is excited to partner with your church plant! The Network has agreed to support the church plant financially for the first three years. In the first year, the Network will give \$300 per month to the church plant. In the second year, the Network will give \$200 per month to the church plant. In the third year, the Network will give \$100 per month to the church plant. The financial support is contingent upon the church participating in the following areas:

1. Relational Contribution. This includes being present at our monthly meetings as your schedule allows.

2. Financial Contribution. Your church should actively be giving a minimum of 3% of its annual budget to Thrive Network and actively be giving to the Cooperative Program.

If at any point your church does not participate in the above referenced two areas, financial support will be reprehended.

By signing below, you are agreeing that your church will actively participate both financially and relationally with Thrive Baptist Network. You also understand that financial support will be ceased if you fail to follow through with your agreement to the Network.
